Swan Hellenic has always been a pioneering company. For over 70 years, we've been known for creating unique, cultural expedition cruises for those who want to explore more, and dive a little deeper. The world may have changed a great deal in that time, but our passion for adventure and cultural exploration has only grown stronger.

Today, we're more ambitious than ever. We sail to places unreachable by others, seek immersive experiences, and make life-changing discoveries with every journey.

We're proud to launch three new state-of-the-art expedition ships. The epitome of travel excellence, these boutique ships are designed with a focus on wellness, with spacious, light-filled rooms and stunning panoramic views that bring you closer to nature.

We look forward to welcoming you on board.

THE SWAN HELLENIC DIFFERENCE

Arctic fox

Over 70 years of cruise expertise

That's how long we've been navigating the world's waters. Swan Hellenic is built on a passion for exploration, a reputation for safety and professionalism of the highest standard.

Boutique ships

Just you and nature, that's how you'll feel on our 5 star contemporary Scandinavian inspired ships. With open-plan design, panoramic views and a focus on wellness, they're the perfect place to relax, recharge and explore.

Intuitive service

When it comes to anticipating your needs, no request is too big or too small. To us, personal and unobtrusive service means everything from making sure you're fully equipped for an Arctic excursion to remembering your favourite gin serve when it comes to pre-dinner drinks.

Enriching cultural expeditions

Once, we travelled to educate – professors, scientists, researchers. Over the years, we've developed a deep knowledge of the world. Today, we use this knowledge to create immersive cultural experiences that take you to the heart of a place.

CULTURAL CRUISING

Exploring with head and heart

Swan Hellenic pioneered cultural expedition cruising in 1954, when we took members of the Hellenic Society around the famous sites of ancient Greece in the company of eminent classicists.

Sea Turtle

Every Swan Hellenic cruise is the same today, combining geographical exploration with cultural and scientific discovery. We don't just take you to explore the most extraordinary places on earth. We bring you the company of like-minded people and renowned experts, who offer eye-opening lectures and are on hand for informal questions and discussion throughout your cruise.

So when you choose Swan Hellenic to see what others don't – you can be sure you'll do so with a full perspective and real insight into the history, cultures, wildlife, flora, geology and geography of the place. Briefings before each disembarkation and recaps afterwards supplement our lectures and talks, stimulating a relaxed social environment that encourages the sharing of experiences.

At the same time, every Swan Hellenic cruise is also full of opportunities for you to develop your creative passions, with professionals on board to support you in photography and more. A library completes the picture, with a multitude of books on every subject, for you to take your interests to another level.

It's the depth of these other dimensions that's unique to Swan Hellenic, making us the first choice of adventurous minds worldwide.

Swan Hellenic is all about personal service and genuine hospitality. Our warm and welcoming crew aim to please and want nothing more than to give you the best experience possible.

No task is too big or too small: need a double espresso to get you going in the morning? Noted. Prefer your bed made up a certain way? We'll look after it. Absorbed by the views or the conversation at dinner? We'll take care of everything else. We've been in the business a long time and take pride in our caring, thoughtful approach. If there's anything we can do to improve your time on board, let us know.

Perfectly paired with adventure

No travel experience is complete without unforgettable dining.

Whether you're sharing a table with new-found friends at The Swan Restaurant, enjoying a few late-night drinks at the Club Lounge or taking advantage of our 24-hour room service, every taste adds to the story. No matter the time of day, you'll find gastronomic excellence prepared by world-renowned chefs, and personal service to match.

Dining in The Swan Restaurant

Chef's Table

The Swan Restaurant's private dining experience. Enjoy a tailor-made menu from our executive chef, with wine pairing from our sommelier. A brief, expert explanation of each pairing elevates the dining experience and leaves you with a deeper gastronomic knowledge of the destinations we visit.

Club Lounge

Vibrant and welcoming, the Club Lounge acts as a hub for relaxed get-togethers onboard, 24 hours a day. Freshly baked pastries and coffee, tapas-style dining and freshly made pizza are the perfect accompaniment to signature craft cocktails and a panoramic view of the ocean glittering below from the adjoining Pool Bar & Grill.

Afternoon Tea

Enjoy a British tradition onboard. Our afternoon tea is a glamorous and contemporary progression of savoury bites, finger sandwiches and scones followed by colourful tarts and desserts – all paired with a selection of international teas or a cold glass of champagne.

Room Service

No matter what time of day, our carefully curated in-room menu gives you a world-class gastronomic experience in the comfort of your own stateroom. From healthy breakfasts, luscious lunches and divine dinners to late-night snacks, there's always something ready to tempt you.

LIFE ON BOARD

Every moment has its choice

Our cultural expedition cruises are really quite unique.

So, we'd like to give you a brief idea of a typical day aboard. Except we can't. Because there's no such thing as a typical day with Swan Hellenic. We can merely outline the possibilities that allow you to tailor every moment to your interests and mood, even if that simply involves rising late to breakfast in bed, or standing over the prow in the Swan's Nest late at night, musing out to sea.

2 You'll be briefed on any technical aspects of your day before setting off in small groups – each with its own expert guide. Options range from kayaking to expeditions in zodiacs, from snorkelling or exploring the coast, to landing ashore for hiking, discovering areas of outstanding interest and beauty.

So, here it is. A day of typical choices.

1 Waking comfortably refreshed to the natural textures and panoramic views of your stateroom, breakfast is just a short walk away. Choose from a light continental through to a substantial cooked breakfast as fuel for an action-packed day. Drink in the view while the calories and caffeine kick in, before making your way down to Basecamp – our Concierge-managed full-service changing room, where you kit up for your expeditions.

3 Back on board, changing and chatting over a coffee in Basecamp as the attendants take care of your kit, you'll have the time to compare impressions and share experiences before lunch, whether snacking in the Club Lounge or savouring something more substantial or even sumptuous in the restaurant.

4 The afternoon offers the opportunity of an expert lecture on the area, followed by further expeditions or excursions. Or you might want to explore a passion like philosophy, poetry or photography, supported and inspired by an expert professional. Or, of course, you could lounge on our extensive decks, immersed in the astounding seascapes and wildlife. Or you could grab a towel, sit back and sweat it out, admiring every aspect from inside the panoramic sauna – relaxing, regenerating and detoxing before a soothing massage. Or you could visit the gym or the hairdresser or shop for essentials. Or you could borrow a new book from the library to read in the comfort of your stateroom, listening to music of your choice over the quality sound system. Or you could watch an HD movie on the big flatscreen TV. Or you could experience a personal visit to the ship's bridge to see behind the scenes.

5 Soon it will be time for the daily recap and any briefing for tomorrow's expeditions. And then it's on to the pleasures of elegant but informal dining, followed by a piano performance, board game, cards or outdoor wildlife observation and stargazing under crystal clear skies. And with all that to float your boat, you'll ease happily into your supportive mattress at the end of the day, with a great night's sleep assured.

As you can see, while a Swan Hellenic cultural expedition cruise may be a world away from the noisy glitz and crowds of the mass market, you'll never be short of choices to stimulate body and mind. With us, you'll truly see what others don't.

LIFE ON LAND

Awaken your inner explorer

Exploratory travel is in our DNA, which is why our team of expedition leaders are focused on giving you the most authentic experience possible when you step onshore. And when it comes to researching our shore excursion programmes, we leave no stone unturned. Each innovative itinerary is carefully planned and executed by world-class experts – from exploring the rugged terrain of Franz Josef Land, to discovering the rich cultures of the many orthodox communities along the Siberian Yenisei river.

Exploration for everyone

We strongly believe in creating incredible experiences for every guest. Our Zodiacs have been designed for increased comfort and manoeuvrability so that everyone can get up close and personal with their majestic surroundings. As well as our daily zodiac excursions there are opportunities for polar kayaking, trekking, or even a refreshing Polar Plunge.

Our local perspective

Often, it's the people you meet and the connections you make that transform travel into something more. We value local expertise, so when you sail with us you'll often experience a destination's culture and history through the guidance of the people who live there. This people-focused approach to travel is incredibly satisfying, with immersive cultural experiences giving you a taste of life in far-flung places.

Basecamp

For a perfect excursion experience from start to finish, we created Basecamp – our heated, concierge-managed changing room, where our team will take care of cleaning and sanitising your expedition outfit. It's also a place to socialise over coffee before and after expeditions, relaxing in a signature décor of airy natural textures and tones.

Shepard's delight

Caring for the environment

- We are fully compliant with the International Maritime Organization's MARPOL convention on the prevention of pollution at sea, which is stricter than most local laws and regulations.
- We also go beyond them in adopting all the additional voluntary standards of the Cruise Lines International Association, in particular with respect to grey water discharge.
- The above two combined cover all types of waste and emissions (solid waste, water, air and chemicals etc), reflected in on-board recycling and high energy efficiency solutions, including the use of biodegradable detergents and Advanced Waste Water Treatment systems.

- Complimentary metal water bottles are provided for all guests.
- Single-use plastics are reduced to an unavoidable bare minimum on board, including for in-cabin toiletries and drinking straws. We make every effort to continually reduce this still further.
- Our crews and staff follow strict procedures to minimise the environmental footprint wherever we visit.
- We have a paperless policy and where unavoidable aim to print on recycled paper.
- Our ships all feature Tier III diesel electric generation with Selective Catalytic Reduction units to reduce harmful emissions.
- Battery power is used for quiet, emission-free navigation in port and sensitive wildlife areas.
- Dynamic positioning systems mean our ships can avoid dropping anchor in fragile environments, preventing damage to delicate ecosystems.
- Advanced potable water treatment systems mineralise and carbonate freshly-prepared pure drinking water, eliminating the need for bottled water.

Caring for our guests

- Our ships are all built with the latest hygiene technology and standards in consultation with world-leading onboard hygiene experts Vikand.
- All our onboard air conditioning systems are UV sanitised using the most advanced technology.
- Our booking policy provides complete peace of mind and full protection to guests.
