So much space for you

VASCO DA GAMA offers you some of the most beautiful destinations in the world, with the convenience and comfort of embarking from Malta. On board quality, impeccable service and most of all space, having an impressive **55sqm space per guest**, which is almost double than other ships, will be instrumental in allowing you to experience slow cruising with all of your senses. You will have a choice of spacious cabins and suites measuring between 16 and 102m² and no fewer than seven individually designed bars and lounges, five restaurants, a chic wellness area with sauna and steam bath, and a large fitness centre and sports area...

What more could you possibly need?

Personal attention, service & comfort

With a capacity of usually around **1,000 guests - attended to by a crew of 550**, this is almost double the crew similar ships have for the same number of guests. This allows an even more individual experience, including longer time in ports, perfectly organised shore excursions and English-speaking staff. A relaxed atmosphere where you feel right at home. **The official language on board is German, however during these departures in May and June Orange Travel Group has engaged in a part charter operation with Nicko, in order to be able to offer these beautiful itineraries out of Malta, during which all services are also provided in English.**

RELAX. ENJOY. SLOW CRUISING.

Focus on unforgettable experiences

Leave behind the stress of daily life and dive into a world of fantastic discoveries – and of on-board life at its finest. With two pool decks, one of which has a glass panorama roof and a heatable pool. With flexible dining times in five restaurants – including free choice of seating. And of course with experienced service staff, who are committed to making your stay as comfortable as possible. All of this and much more awaits you on board the VASCO DA GAMA. Enjoyment and relaxation have far more to do with personal attitude than with a fixed schedule.
